

Calling all Innovators

Are you passionate about solving real-world problems in your community or beyond? Are you involved in entrepreneurship or STEAM projects?

Ingenious+ is supporting young innovators, ages 14-18 who are developing solutions at the community level and beyond.

Enter the Ingenious+ Youth Challenge!

WHY ENTER?

Enter for a chance to receive a \$1000 award in stage one! Then opt-in to compete for \$10,000, receive national recognition, mentorship and learning opportunities to grow your ideas!

HOW DOES IT WORK?

STAGE 1: Young innovators apply to receive a \$1,000 award along with learning and mentorship to grow their innovations.

STAGE 2: Young innovators will participate in national competition with 5 category awards of \$10,000 each.

WHAT ARE WE LOOKING FOR?

INNOVATE FOR GOOD! Innovations are accepted within the following themes:

- Climate Change and the Environment
- Community and Civic Engagement
- Equity and Inclusion
- Health and Well-being
- Technology and Entrepreneurship

WHO CAN ENTER?

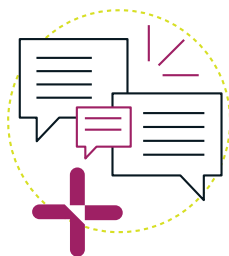

- You can submit an innovation as an individual or as a team.
- You and your team members must be 14 to 18 years old at the time of application (born in **2005** up to and including **2009**).
- Your innovation project must be led and created by youth living in Canada.
- You will need parental or legal guardian permission to participate.

WHEN TO SUBMIT?

Ingenious+ opens for entries **OCTOBER 2023**.

INNOVATE FOR GOOD

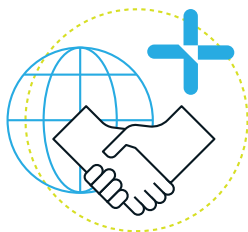

COMMUNITY AND CIVIC ENGAGEMENT

Innovating for a better country:
Your innovation works for the common good by addressing community issues through civic action that strengthens the world locally and beyond.

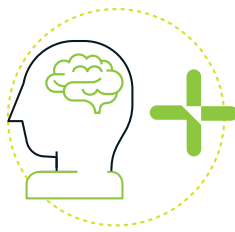

CLIMATE CHANGE AND THE ENVIRONMENT

Innovating for a green future:
Your innovation helps in the fight against climate change, promotes sustainability, and/or benefits the environment.

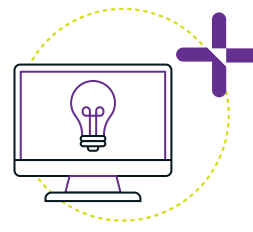

EQUITY AND INCLUSION

Innovating for a fair and just tomorrow: your innovation focuses on improving the world around you by removing barriers and promoting equity.

HEALTH AND WELL-BEING

Innovating to heal: your innovation addresses the challenges facing the physical or mental health of the public.

TECHNOLOGY AND ENTREPRENEURSHIP

Innovate to grow: your innovation finds new and improved ways of addressing today's many challenges through a business venture, technology and/or artificial intelligence.
