Canada's youth innovation challenge

ingenious+

APPLICATION QUESTIONS

1. Describe the problem or opportunity your innovation focuses on. Why is it important? (Max 200 words) 10 points

2. Describe your innovation and how you came up with the idea. How will it help solve the problem you described in Question 1? (Max 200 words) 10 points

3. Tell us about the research you have done to help develop your idea. For example, have you talked to people who may use or be affected by your innovation, or people who know a lot about this topic? (Max 200 words) 5 points

4. Tell us about how you tested your idea. What did you try, build, or test to develop your innovation? (Max 200 words) 5 points

5. Who is your innovation for, and how will it help them? If your innovation is put into action, what positive changes could it make in your community? (Max 200 words) 5 points

6. What are people already doing to solve this problem, or similar problems? How is your idea different or better? If you could not find any other solutions, why do you think that is? (Max 200 words) 5 points

7. How will you put your innovation into action? Are there any challenges that could make it difficult? If so, how would you deal with these challenges? (Max 200 words) 5 points

8. Who has helped, or will help, you bring your innovation to life? How have they helped, or how will they help? (Max 200 words) 5 points

9. Describe how the Ingenious+ award (cash and mentorship) will help you develop your innovation. What are your next steps and future goals for your project? (Max 200 words) 5 points

HOW IT WORKS

Check your eligibility
Make sure you're 14–18 and your project meets the requirements.

Create your account
Request access to the application portal.

Tell us about your project
Explain your idea, the problem you're solving and how your project makes a difference.

WHO CAN APPLY

- Youth aged 14–18
